HISTORIC SITES

Village and City Halls

First meetings were held in log cabins of settlers in the 1830s

Warren Township Hall 11 Mile/Van Dyke Warren Village Hall on Beebe at Flynn Warren Village Hall

Warren Township Hall
and fire station in early
1950s

Warren City Hall on Van Dyke across from GM Tech Center

Old Warren City Hall on Van Dyke across from GM Tech Center

Newest Warren City Hall is where Old Health Department building was. Meetings here offer quite a difference to early meetings. As there were no roads you had to walk miles to attend. On April 3, 1837 a number of citizens met at the home (a log cabin) of Louis Groesbeck to organize the government of the Township.[60] Restroom facilities were out back as pictured. There was no running water or electricity. At the bottom left is the actual Minda log cabin which was at 9 Mile and Ryan.

Notice the B/W picture 2nd down on the left is a **cornfield** where the **Tech Plaza** is now. Remember Warren was Wilderness for thousands of years then all farms for 100 years before it became a city.
Warren was completely self sufficient in food and water.

The Halmich Farm on the northeast corner of Twelve Mile and Mound, present site of General Motors Technical Center

Longest Lasting Businesses

SINCE THE 1950s RELIABLE OLD FASHIONED STORE
HAS GOOD VARIETY OF ITEMS

Village Book Exchange

31614 Mound Rd.
Warren, Mi. 48902

Village Book Exchange has Thousands of Bargain books. Cheryl has been in business located at this very historic spot for 35 years. This was the old Rump farm which was built on the old cranberry marsh off of the planked State Road part of the first Road in Michigan the one built by the Moravian Indians about 1786. There is a huge selection of Science Fiction and Novels, plus New Arrivals, Hard Backs, Audio Books, and much more.

Early businesses included land sales, food, goods, drinks, tools and transportation. Blacksmiths, Tinsmiths, Wood smiths (Coopers) and carpenters made needed items. Several brick companies made bricks. Brewers made beer. Tanners tanned hides which were used for many things. Before restaurants there were many Inns, Taverns, Speakeasys, and dives. In the old days they were often vulgar places with dirt floors that customers spit their chewing tobacco out on. Fights were common. But some others ran clean establishments had female bartenders of strong character who did not put up with too much bull. Some even served good food. Louie's started we are told as an ice cream parlor. During prohibition many became blind pigs. Often the local sheriff deputy was a well-known customer. Many folks liked to have a drink and just because some anti drinkers had got a law passed against it wasn't going to stop them. The Detroit area was known as the rum capital. The Eighteenth Amendment of the United States Constitution, established Prohibition in the United States in 1919. It was repealed by the Twenty-first Amendment in 1933. During this time the Detroit area was a hotbed of illegal activity. There were many speakeasys in Warren. Clem's Pour House was one of many that were open 24-7. You could not get in unless you were known by someone inside. "As many as 25,000 illicit saloons, or "blind pigs," operated in Detroit area and did a \$215 million business. Liquor trafficking was Michigan's second leading industry. (Lawrence E. Ziewacz 228) Warren and Center Line often had more bars than churches.

Automobile repair shops did a good business also

There were riding stables such as the Ryan Riding stable but for a time for an additional fee one could be ridden. Rosie's red light was down on Ryan, and a bar across from St Clement Church who had one bartender who baby-sitted his young baby while the house next to it had seven young "housekeepers." There were speakeasys or blind pigs and other recreational businesses during prohibition and at other times which the history of has been "forgotten."

Sure a lot of stuff went on in the old days as does now that will not be recorded in histories. The velvet touch down on Van Dyke supposedly gave great massages. I was a social worker for the American Red Cross and used to look down from an upstairs window at John R and Erskin. I admired the little church across the street because any time of the night or day there was a person out there in front of the church passing out church literature. They carried it even further and got in the car for a ride around the block I assumed for a sermon. Funny though they always rode in the back seat. Turned out that it was a 24/7 drug dealers. And there was that nice motel almost next door on Woodward. I recommended it for several families to stay there when they had a sick child at the medical center close by. Once a client complained to me that the motel only charged by the hour and was too expensive. Opps.

Of course the majority of businesses are outstanding honest concerns.

As you look thru this archive you will see hundreds of business fotos. There is an alphabetical listing using the index and a listing by street is in the business section.

Old places Murthum house & barn Quonsets, cabins, blacksmith shop, ice cream store, Singing Sam's

Bunert One Room School Museum

Education was thought of as a privilege and both students and parents wanted it very much to succeed. Most teachers had the full support of parents in the old days. If a boy was bad in school, he might get a little extra set of chores to do at school. If he was guilty of serious misbehaving, he might experience the sting of a switch on his butt. But if his father found out he would get much worse switchings plus extra chores and work to do. If the boy failed the final exam at the end of the year his

father could use that as reason enough to consider that he was unfit for school which meant that he became free labor for the family until he was eighteen. This meant that he had to do a mans work around the farm without pay. The first town meeting was held at the house of Louis Groesbeck, April 3, 1837, Avery Dennison, Sam Gibbs, Lyman E. Rhodes, were voted Commissioners of Schools. The first known school was a split log schoolhouse the farmers built at the corner of Creek Road/Ryan roads. Was used as church for both Methodist and Baptist groups. This log building also had split log benches. Rather uncomfortable By 1875 two churches and a school on Ryan Road were in operation.

The one called the West School is still standing. It is that red brick building just south of Chicago Road on the East side of Ryan. St Clement school in the middle of Warren was up and running and the Plunket school at Ten Mile and State Road (Sherwood) were operating. The Bunert One Room School pictured below was built in 1875. The school is a wood frame board-and-batten structure.

Originally the school housed students in grades 1-8. The school had one teacher who taught all grades. Classes were held in it until 1944. A larger two room school was built in 1927 and sat next to the Bunert School. Classes K-4 were taught in the one room school, 5-6 and 7-8 were taught in the two-room school. The two schools had 3 teachers and 65 students. In 1944 a new 6 room school was built and named Charwood after Betty Chargo and Irene Woodward. The two older schools were then sold to John O'Connor who made them into residences. In 1970 it was sold to the Santa Maria Lodge.

In 1987 the lodge people offered it to The local historical society who had it moved next to Tower High School. Murthumn High School was built in 1926 as was Busch School. Students if not needed for farm work could attend either high school.

There was only one teacher. During the winter months she was required to walk or use buggy and to get to the school early REGARDLESS OF ANY WEATHER to get a fire started in the potbelly stove, so the room was warm for the students. Sometimes the teacher would prepare a hot, noon meal on top of the stove, usually consisting of soup or stew. The School year was September-May. Time 9 a.m. To 3 or 4 p.m., with morning & afternoon 15-minute recesses & an hour for lunch. Student chores were as follows: The older students were given the responsibility of bringing in water, carrying in coal or wood for the stove. The younger students would be given responsibilities according to their size and gender such as cleaning the black board, taking the erasers outside for dusting, sweeping, Dust. Empty trash. Empty water bucket, attend to stove. Sometimes town meetings and picnics were also held at schools.. The youngest children sat in the front. Classes were divided into rows according to grade level. The school was required to provide education in scientific knowledge in harmony with the principles of patriotism, humanity and democracy. it provided for moral, aesthetic, working, health, physical an ecological education of pupils. Subjects were: Reading, Writing, Arithmetic, Spelling, History, US Government, Civics, Constitution, Bill of Rights, Geography. The older students usually helped the younger students with their lessons. The number of students ranged from about 6 to sixty. Sometimes the classroom was overcrowded. Methods: The teacher would call each grade level to the front of the room where they would sit on a long bench and receive and recite their lessons. Everyone walked or rode horse to school. Students didn't miss for bad weather. Attendance was better for the girls than for the boys because the boys had to work on the farm most of the time. Teacher usually began with first grade & gave all other students assignments. The teacher would teach one subject at a time to each grade level, then move on to the next grade level with the same subject. Students usually had plenty of time to do their work while the teacher was going over the lesson with the other grades. After the teacher got through with one subject, she went on to the next and repeated the process again. Students got a lot of reinforcement by listening to the teacher teach the other grade levels. The teachers usually had very little equipment with which to work. Any extra materials had to be purchased by the teacher. The students usually did assignments with pencil and newsprint paper or on black tablets. What did the students bring for lunch? Usually molasses or lard and sugar sandwiches, spread bacon fat, syrup, or jam on bread. Hard boiled eggs, Cold pancakes, Peanut butter, cheese, Fried chicken, Apple, Carrots, Tomatoes, and Homemade cookies. On cold days a half-baked potato to keep hands warm and baking them at school on potbelly stove. Water was from a common dipper in in water can in the entry hall. Discipline: Teachers and parents were strict. Brothers and sisters often were in the same classroom with you and would probably tell on you if you were bad. Pupils spoke when called upon by the teacher or requested permission before speaking by raising arm. Required to stand when speaking. Titles of respect (Miss, Mister, Ma'am, Sir) were always used in addressing the teacher. Lesser punishments, rap on the hands or knuckles with a steel-edged ruler, standing in a corner with face to the wall, sitting upon a high stool beside the teacher's desk, standing for long periods with arms held straight out in front. It was taken for granted that the Golden Rule, courtesy, fairness, were the Standard of Conduct. In 1878, men teachers earned about \$30 per month and women teachers earned \$20 per month. There were more women teachers because they could pay them less. Most of them were untrained as teachers. Sometimes teachers would start teaching when they were only 14 years old. This meant that some of them were younger than their students, who ranged in age from 4 to 17 years old. Books were most often "hand-me-downs".

Here are a few of the things taught:

What is the Law of our land?

What is the Bill of Rights?

What protects your Freedoms?

Very important! The Bill of Rights which are the first ten amendments to the Constitution were approved in 1791 to give us specific freedoms.

First Amendment guarantees the freedom of religion, of speech, of the press, of assembly, and of petition to the government for redress of grievances.

Second Amendment gives the right to bear arms openly,

Third Amendment freedom from quartering soldiers in a house without owner's consent

Fourth Amendment protects people against unreasonable search and seizure. No searches without warrant or probable cause. This is also about privacy that people supposed to be entitled to have their homes and personal effects private and free from searches.

Fifth Amendment no person shall be held for "a capital or otherwise infamous crime" without indictment, be twice put in "jeopardy of life or limb" for the same offense, be compelled to testify against himself, or "be deprived of life, liberty, or property without due process of law." It also prohibits government from taking private property without "just compensation,"

Sixth Amendment guarantees the right of speedy and public trial by an impartial jury in all criminal proceedings and the right to have legal counsel for the accused and guarantees that the accused may require witnesses to attend the trial and testify in the presence of the accused. It also guarantees the accused a right to know the charges against him.

Seventh Amendment guarantees right of trial by jury in almost all civil cases.

Eighth Amendment. Excessive bail, fines "cruel and unusual" punishment prohibited.

These rights were fought for in the Revolutionary War from the Bloody British and they were defended in W.W.I and W.W.II and other wars. Thousands of our soldiers died preserving these rights for you.

Name the states and capitols for each state. Name the countries of the world and their capitals.

Be able to do addition subtraction multiplication and division in your head. Be able to figure a square root with pencil and paper.

Know use of fractions and how to add subtract multiply and divide them.

Be able to figure percents.

Understand and use the rules for punctuation

Know the cases for common verbs.

Know spelling for common words.

Acquire reading skills for your grade level.

Be able to write with good penmanship.

Be able to write a business letter.

Name the presidents of the United States in order.

Know why the Revolutionary War was caught and know about the most important battles.

Know about the most important events in history.

Know about the most import things in Science such as the causes of weather, climate health, etc. Know about the most common inventions.

Be able to pass the year end exam.

My grandfather went to a one room school in the 1800s and stated that children learned very well because they were motivated to do so because their parents insisted that they learn. He stated that first the teacher taught them the lesson as they read it then they had to do practice, then they had to recite to the teacher what they had learned and finally they had to teach younger children the lesson. As a result they learned very well. Teachers had total authority then and usually had a willow switch to use if necessary. And if a student was goofing off the teacher could visit the family and the father would take the offending student to the wood shed resulting in them not wanting to sit for a few days. Any boy who continually goofed off would end up doing hard farm work rather than going to school.

See my Who's Who which has the stories of hundreds of our local notables.

PEOPLE in our local history

This is only an introduction because the main work is the Who's Who which consists of a entire books So here is just a few of the many hundred listed in the Who's Who. See Index

This includes pioneers, public officials, community leaders, farmers, mayors, soldiers, veterans, in fact anyone who was anyone that accomplished at least something is or will be in the Who's Who of the Warren-Center Line Area. And if I missed anyone just e-mail me at wecare@dogoodforall.today So here are a very few listed here in abbreviated one line form whereas the Book Who's Who sometimes has more than one page on a person. Usually submitted by the family or written by that same person. If you want to be in this Local Who's Who which is going to Library of Congress and will be in local libraries just send me a bio.

Here are a selected few outstanding persons out of hundreds. Listed in our Who's Who.

Abel Warren our earliest close settler of record. Was so loved they named the Township after him.

Sarah Warren his wife. They moved here from Covington NY where Daniel Stewart lived.

Several unknown soldiers buried at Warren Union Cemetery. The marker was stolen by grave robbers

Many **soldiers** who served in various wars and also some of **our earliest settlers** massacred by killers.

A soldier grabbed a grenade and tossed back to the enemy at great risk to himself saving 9 men.

Arthur Anderson Fireman, Fire Chief. Risked his life many times.

Spc. James Lawrence Arnold killed in Iraq 2007

Alice Z... The the Angel of St Clement For public service beyond the call over many years.

Richard Joseph Barber killed in Vietnam given **BRONZE STAR**

Howeard Blandino killed in Vietnam

Kamiel Blondeel killed in France. Marker with his name was stolen by the grave robber gang.

Gerald Eugene Butler killed in Vietnam

Daniel Francis Cahill killed in Vietnam given **BRONZE STAR**

Albert Joseph Carrier III killed in Vietnam given **BRONZE STAR**

Russell David Chasse killed in Vietnam given **BRONZE STAR**

Robert Louis Cline killed in Vietnam

Robert F Colatruglio killed in Vietnam given **BRONZE STAR**

Warren Firefighter **Charles Consigney** killed 1944 putting out a Barn fire

Robert Raymoned Enos Jr killed in Vietnam given **BRONZE STAR**

David John Falk killed in Vietnam given **BRONZE STAR**

Stanley Dale Farro killed in Vietnam

William Ferdinand Gietzen killed in France. Marker was stolen by the grave robber gang in 2011.

David Jerry Givins killed in Vietnam

Vaun Arlen Gorbe killed in Vietnam given **BRONZE STAR**

Kenneth Gerald Green killed in Vietnam given **BRONZE STAR**

Edward Louis Griggs III killed in Vietnam given **BRONZE STAR**

Edward W Grimms died in service no one bothered to record his history.

Alan Harry Gross killed in Vietnam given **BRONZE STAR**

William Richard Guenther killed in Vietnam given **BRONZE STAR**

Dennis James Gulla killed in Vietnam

David Hanselman for outstanding community service over many years.

Paul Gordon Hazen killed in Vietnam

Walter Earl Heyer Jr killed in Vietnam given **BRONZE STAR**

Michael August Heglund killed in Vietnam

Richard Lee Hollingsworth killed in Vietnam

Roger Joseph Hoover killed in Vietnam

Richard Allen Jacobs killed in Vietnam given **Valorous Service Medal**

Roger W. Jannus killed in France. Marker was stolen by the grave robber gang in 2011.

Jeremy Michael Jarvis fixed win crew all lost body still missing POW-MIA

Charles Henry Keller II killed in Vietnam given **SILVER STAR AND BRONZE STAR**

Cpl. In Chul Kim killed in **Iraq** 2004 Marker was stolen by the grave robber gang in 2011.

Thomas Mark Kupiec killed in Vietnam

Alan Lane killed in Vietnam

Peter L... for outstanding community service over many years. Wants it anonymous.

Jeffery Lee Ledford killed in Vietnam

David Michael Livingstone killed in Vietnam

Dennis M Lyden killed in Vietnam

Arnold M Marchlewicz killed in Vietnam given **BRONZE STAR**

Cpl Gentian Marku killed in **Iraq** 2004 Marker was stolen by the grave robber gang in 2011.

Arthur Miller first mayor of Warren

Eugene Stuart Miller killed in Vietnam given **BRONZE STAR**

Warren Firefighter **HENRY K MORAN** 1942-1973 involved in a car accident

Myron Richard Nabozniak killed in Vietnam given **BRONZE STAR**

Gerald Neil first historian got me started with mimeographed history told me to carry on if I wanted

Garrett Timothy O Connor killed in Vietnam

Donald Bryan Olsen killed in Vietnam

Thomas Joseph Petela killed in Vietnam

Michael Anthony Radziecki killed in Vietnam

Police Officer **Edward A Rea** died in 1969

Neil Reid Warrenner died in France

William Reyes killed in Vietnam given **SILVER STAR**

Gerald Ricci killed in Vietnam given **BRONZE STAR**

George Henry Rogalla killed in Vietnam given **BRONZE STAR**

Ronald Frank Skoviak killed in Vietnam

Norman Smith Fire Chief Center Line Risked his life many times.

Larry Snow well decorated war hero. Several stars among others

Ronald Francis Sosnoski killed in Vietnam given **BRONZE STAR**

Ormal Dewey Stevens killed in France.

Daniel Stewart Taught me to care and love and write down history.

Edward W. Thimian died in the service. A psychic visitor told me how he died. Yes.

Neil Stewart Thompson killed in Vietnam

Gary Albert Utriainen killed in Vietnam given **BRONZE STAR**

Theodore F Van Fleet died as a prisoner of war during the Uncivil War

Roman Rozel Villamor Jr killed in Vietnam

Sergeant **Christopher M. Wouters** Warren Police Detective killed in 2000

Anonymous threw himself on a M bomber extinguishing the bomb on an airplane about to land in Detroit possibly saving hundreds of lives.

Two US Marines on guard duty as a truck pulled up no way of knowing that the driver was a M suicide terrorist. Everyone else ran but the Marines tried to stop him. Both died in the explosion.

Two other Marines stopped a 10 year old M girl whose father had put a suicide bomb vest on her. They were able to get the dangerous vest off of her and saved everyone including the child. These are real heroes. We veterans salute them. Help us veterans stop the grave robbers from stealing memorials.

See The Warren Area Who's Who book for hundreds of people with names and stories. You can be in there also. Just send a bio to wecare@dogoodforall.today **SEE Heroes Iraq and Heroes Afghanistan which lists many of our young heroes with pictures these are on**
<http://dogoodforall.today>

Heroes since Vietnam. The Iraq totals were 4,550 American military, 2401 Afghanistan plus 3793 and 3937 American civilians working there plus 3,000 on 9-11 that is over 17,681 Americans murdered.^[170] Plus 56,422 Americans were wounded in this in a so-called War on Terror. (They couldn't even name the real enemy, Islamic terrorists) **And it is still going on today.** We had more of our young people killed last week. Plus there were other American deaths around the world from terrorists. Also many American humanitarians and journalists were killed. Then there are thousands afflicted with PTSDs and lives and families destroyed due to it. However many observers have made the observation that the other real enemy was "Greed" that puts getting more money, power and profit ahead of human lives. They violated the "Human expectation that Humans are Humane. Because there was absolutely no need to send armies overseas. Mainland USA was not threatened. We needed better security at home, not to make wars overseas. There was no need to destroy hundreds of cities in other countries and murder thousands of people. Our planned war caused destruction and the loss of thousands of innocent lives. Then the corporations like Halliburton could with no bid contracts rip off the American people by raking in billions in profit from taxpayer money to provide services at excessive prices and to rebuild those cities and infrastructure. That plan worked with the rich and corporations, we call war profiteers costing US taxpayers almost 6 Trillion dollars. Oh and then they borrowed money from China, other countries and wealthy bankers. This resulted in the US taxpayer being saddled with an enormous debt and paying increasing interest to the wealthy and allowing China to finance its military from US money. What? Crazy but true. Who did this. Answer congressmen taking money from corporations and bankers. At what price? Thousands of our American young people. A few are shown below.

Gentian Marku, In Chul Kim, James Arnold. Holly Jeanne John W Dearing Marisol Heredia McGeogh

Ages 18-23 All from Michigan, Warren, Hazel Park, Sterling Heights, Taylor, Warren....

The following is about remembering our heroes to future generations.

Lance Cpl. Dominic John Ciaramitaro Age: 19 From: South Lyon, Michigan Unit: Weapons Co. 3rd Battalion, 9th Marine Regiment, 2nd Marine Division, II Marine Expeditionary Force. Died: April 23, 2011 Fatal incident occurred in Helmand province, Afghanistan

Pfc. Eric William Hario Age: 19 From: Monroe, Michigan Unit: Company A, 1st Battalion, 75th Ranger Regiment Died: August 29, 2009 Fatal incident occurred in Paktika province, Afghanistan Died at a combat support hospital of wounds received in a rugged, remote mountainous area in Paktika province, Afghanistan.

Spc. Julie Rochelle Hickey Age: 20 Unit: 412th Civil Affairs Battalion, Army Reserve. Died: July 4, 2004 **Fatal incident occurred in Bagram Airfield, Afghanistan** Hickey was evacuated from Bagram Airfield, Afghanistan, on June 30, 2004, and died in Landstuhl, Germany, on July 4 of complications

No Picture **Hospitalman Benjamin Phillip Castiglione Age: 21** From: Howell, Michigan. Unit: Navy corpsman assigned to the 2nd Light Armored Reconnaissance Battalion, 2nd Marine Division, II Marine Expeditionary Force Died: September 3, 2009 Fatal incident occurred in Helmand province, Afghanistan.

Over 10,000 Americans were murdered by jihadies.^[170] Plus 56,422 Americans were wounded all because of Islamic terrorism. https://en.wikipedia.org/wiki/War_on_terror And now there are increasing attacks on Americans and innocent people around the world by jihadies. ^[2019]

And there is no end in sight!

How many more deaths of our young people will it take before we learn from history?

Sgt. Phillip Allen Bocks Age: 28 From: Troy, Michigan

Unit: Marine Corps Mountain Warfare Training Center

Died: November 9, 2007 Fatal incident occurred in Aranas, Afghanistan

Killed along with five soldiers when their patrol was attacked by direct fire from enemy forces in Aranus, Waygal district, Nuristan province, Afghanistan

Senior Airman Alecia Sabrina Good Age: 23 Unit: 92nd Communications Squadron, 92nd Air Refueling Wing Died: February 17, 2006 Fatal incident occurred in Ras Siyyan, Djibouti One of two airmen killed along with eight Marines when two CH-53E Super Stallion helicopters crashed into the Gulf of Aden near Ras Siyyan in northern Djibouti, while flying a training mission in the Godoria Range area.

Spc. Joseph Thomas Prentler Age: 20 From: Fenwick, Michigan

Unit: Company G, 3rd Squadron, 2nd Stryker Cavalry Regiment

Died: October 4, 2010 Fatal incident occurred in Mama Kariz, Afghanistan

Died of wounds suffered when insurgents attacked his military vehicle using a roadside bomb in Mama Kariz in the Maywand district of Kandahar province, Afghanistan

Senior Airman Jason Thomas Plite Age: 21 From: Lansing, Michigan

Unit: 38th Rescue Squadron, 347th Rescue Wing Died: March 23, 2003

Killed along with five other Air Force rescue team members when their HH-60

Pave Hawk helicopter crashed near Ghazni, Afghanistan, **while on the way to help two injured Afghan children**

Sgt. Lucas Tyler Beachnaw Age: 23

From: Lowell, Michigan Unit: Headquarters and Headquarters Company, 2nd

Battalion, 503rd Infantry Regiment, 173rd Airborne Brigade Combat Team

Died: January 13, 2010 Fatal incident occurred in Darya Ya, Afghanistan

Died of wounds suffered when enemy forces attacked his unit using small arms fire in Darya Ya, Afghanistan

Staff Sgt. David Pirie Day Age: 26 From: Gaylord, Michigan Unit: 2nd Marine Special Operations Battalion, Marine Special Operations Regiment Died: April 24, 2011 Fatal incident occurred in Badghis province, Afghanistan Died of wounds received in a roadside bomb attack during combat operations in Badghis province, Afghanistan

Spc. Chazray Cleaantoin Clark Age: 24 From: Ecorse, Michigan

Unit: B Troop, 4th Squadron, 4th Cavalry Regiment, 1st Brigade Combat Team,

1st Infantry Division Died: September 18, 2011 Fatal incident occurred in

Zhari district, Afghanistan Died of injuries suffered when insurgents attacked his unit using a roadside bomb in the Zhari district of Kandahar province, Afghanistan

Our Flag stands for Freedom with Liberty and Justice For All

**We Support The American Way of Life which promotes:
Life, Liberty, Justice and the pursuit of Happiness for all
through individual Responsibility and Integrity.**

**With rule of law under our U.S. Constitution.
With each person supporting themselves, family and
their community to best of their ability.**

**Promotes: use of scientific knowledge, research and
discussion for solving problems rather than violence.**

**Promotes: Love, Kindness, consideration for all with
the expectation and code of conduct that
No one should bring harm to another by their actions
or inaction**

**and Actions should be based on Factual Truth,
not hearsay or uneducated opinion from obsolete past?**

**Does it pass the test of Truth based on all of the facts?
Is it how you would want to be treated?**

Humans should be Humane.

Freedom isn't Free

Wars appear to be the chief occupation of humans. If you appreciate your freedom and way of life thank a veteran. Families living in our area had members like mine that fought in the Revolutionary war, the American Civil War, World Wars I and II, Korea, Vietnam, Desert Storm and Iraq. My dad was in the Normandy invasion and saw many die. I served in the Vietnam era. Both St Clement Cemetery and Warren Union Cemetery have local veterans buried there. Center Line has a street named after Paul Hazen who died in Vietnam.

Clem Grobbel fought in Russia. See the story on Mike Grobbel's wonderful website. <http://grobbel.org/> 7,484 women served in Vietnam. Over 60,000 Americans died because of it. 2,650 died from Michigan. We ask was it a waste of our young people's lives and over a Trillion dollars of our taxpayer money? (much of which went to profiteering corporations like Halliburton who made 39 Billion in profits from this war) Over 10,000 Americans have died in the last few years due to Islamic Terrorists and it appears that there is no end in sight. I put up the truth whether they like it or not.

We and they need to find better ways to handle disagreements than killing each other. We must be strong and ready to fight. Warning: Many Americans have an attitude that it is not their responsibility to defend our country. They have the "I don't care" attitude. If every able-bodied young person was required to spend a few months serving our country. They could get training in a vocation and do public service work during that time to pay for their education. It could build needed maturity discipline and responsibility in youth. That could solve a lot of problems both for the young person and for the local community. The burden of maintaining the peace and freedom should be borne by all. Many of us veterans are fed up those who dodge their responsibility and our youth are becoming a nation of obese couch potatoes who are unable to even defend their community in times of need.

Here is a brief history of Wars in our Area. For thousands of years mankind has lived here. Although stone age man's main occupation was survival in the wilderness their secondary occupation appears to have been warfare against other tribes. They often did not speak each others language and so could not negotiate a truce or talk their way out of danger. Not understanding each other often leads to the spear or knife being put into action rather than words. There were countless killings. They often ate the heart of their adversary. They showed no mercy. They killed and tortured and took slaves. There was no rule of law rather just the rule of brute force. There were few times of peace but they could never be sure when or where another tribe would attack. Would you want to live during that time?

With the arrival of Europeans in the 1600s a lot of things changed but not the fact of wars. Soon the Indians had knives, tomahawks, swords and guns. Both the French and English bought scalps and gave the Indians scalping knives and firewater (whiskey) They told them that the other Europeans, Indians and settlers were against them and wanted their land. They gave the Indians license to kill and steal the settler's belongings including pots, guns, valuables, crops and livestock. There was an increase in tribal warfare and killing of settlers from 1600 to 1800 in Michigan. Michigan was a dangerous place for a settler until after 1818. Thousands of settlers and Indians were killed. Both were nearly annihilated from SE Michigan. Some of the Indians who were left were evicted to reservations.

US American Revolutionary War 1775-1783 221,000 mobilized, 36,000 died in action or from wounds, illnesses or accidents. over 12,000 wounded, 16,000 POWs.

US Civil War 1861-1865 Total Mobilized 2,456,000. Dead 360,022

North, 258,000 South. New studies show even more died. Wounded 455,175. POWs 426,000

Spanish American War 1898 Casualties 69,292

58,949 from disease, 1,282 from combat. POWs 30,000

Philippine Insurrection 1898-1902 220,000 Mobilized,

24,064 Killed. 200,000 died of Disease/Hunger

World War I " The War to End All Wars" 1914-1918

Over 65 million people mobilized, **8 million people killed, 21 million wounded,** 7,750,919 POWs. From Military and Civilian War Related Deaths Through the Ages Matthew White a researcher historian states the actual count was 15,000,000

<http://users.erols.com/mwhite28/warstat1.htm> Heronoius Engleman for whom Engleman street was named was a civil war veteran. See Appendix for more details.

World War II "A war to end all wars" 1937-1946

404,997 Americans, and total of 55,000,000 killed.

Mobilized 178,048,566. Deaths over 16,000,000 combat, Civilian deaths 6,300,000. POW deaths 1,500,000. From Military and Civilian War Related Deaths Through the Ages Matthew White a researcher historian has detailed breakdown at <http://users.erols.com/mwhite28/warstat1.htm>

At least 12 Million of innocent civilians were tortured and killed even women and children by the Japanese.

Korean War Mobilized 5,720,000. Killed 54,246. Americans 135,000 also killed in China. Wounded 103,240. POW deaths 8,000 From Military and Civilian War Related Deaths Through the Ages

Vietnam Era 1964-1973 Almost 9 million service personnel were mobilized, over 58,253 were killed many have died since. 53,303 were physically wounded. Many Thousands were mentally wounded. There are 591 American POWs. Many more will die of Agent Orange effects. From Military and Civilian War Related Deaths Through the Ages Nearly 600,000 other people died. I served during this time

Operation Desert Storm 1991 Mobilized 540,000. Killed 269.

Wounded 357 POWs 23. Somalia Killed 18. Wounded 70 Rwanda 1995 Killed 1,050,000. For update on from current attacks see <http://www.icasualties.org/oef/>

Since 2001 over 10,000 Americans have been murdered by jihadies.^[170] Plus 56,422 Americans were wounded.

https://en.wikipedia.org/wiki/War_on_terror

Also we know that many bare psychological damage which for many has led to suicide back home . Only when you count the mentally wounded and family misery caused by these wars can you begin to see the human cost. Even one life is too many! Check CNN website below for updates <http://www.cnn.com/SPECIALS/war.casualties/> Plus we have stationed our young troops all over the world and they are targets. Many have died in places like Syria and Libya.

We veterans ask were either was Iraq or Afghanistan worth even one American life?

See Wikipedia for more details and updates.^[2019]

Please stop the killing, abuse of women and girls, servitude and oppression.

Too many Thousands of our YOUNG PEOPLE have been murdered NEEDLESSLY. Since 2001 over 10,000 Americans have been killed by jihadies with 56,422 Americans wounded.^[170] There have been thousands of attacks by Islamic Terrorists (worldwide) since 9-11 which was the second attack on the WTC. The first was on 2/26/1993 when 1000 were injured. Why? The Quran orders them to kill non-believers in many^[120] verses. Verify it for your yourself. Here are a few: 2:189-191, 9:5, 9:11-14, 9:57, 47:4, 9:29, 3:84, 66:7, 8:66, 2:216, 4:89, 8:60, fight 2:193, 2:222 and more. **You can verify this yourself.** They are promised to go to heaven if they die in an attack. And this has been an accepted^[118] practice started by their founder and approved and continued by their leadership for 1400 years, continuing into the present. This is why there are so many suicide attacks and killings. For more information and list of actual attacks see <http://thereligionofpeace.com> We have proof of many killings and abuse of women and girls.^[119] And increasing numbers of attacks on Americans and innocent people in the USA and around the world by jihadies.^[2019] Facts are facts.

Please stop the killing, abuse of women and girls, servitude and oppression.

Here are the children killed by the Islamic attack on The Boston Marathon.

Wars and events 1,354,664 Americans have died in, often needlessly. But it was much worse in other countries. Total casualties are much more. Source United States military casualties of war See references

 Kosovo War 1998–1999 18 killed
 Iraq War 2003–2011 4,550 killed 36,710 casualties 3793 American civilian contractors killed
 Afghanistan 2001–present 2,401 killed plus 22,266 casualties plus 3937 American contractors killed
 Intervention against the Islamic State of Iraq and Syria 2014+ 76 killed 162 plus more weekly growing
 Raid on Yemen 2017 1 killed
 U.S.A. increasing attacks on Americans here and abroad hushed up by media.^[175] We have documentation. [2019]
 Check Wikipedia for updates.

Also note this is only military. There were also thousands of American Civilians who have been killed.

Plus thousands have been killed by Islamic Terrorists with many thousands in just the last few years and it continues around the world today ^[2019] and increasingly in the USA as their numbers grow.^[175]

Events, Trips and Favorite Places back in the Old Times

In the pioneer days and prior to 1900 there was little to no time that could be taken away from farming, milking and tending the livestock to allow much other than a trip of a few hours. This is covered on old time recreation page. After 1880 things got a little better as time went on. Long trips were nearly always by train which was expensive but a very pleasant and relaxing way to travel. For most folks there was no such thing as a vacation. There were holidays like the 4th of July and Christmas. Trips were limited to the 10 miles per speed of your horse drawn wagon. Which usually only had seating for two. Most families did not own fancy buggies. With the arrival of the family automobile trips could be further away. Common destinations were Belle Isle, St Clair shores driving along the lake shore, and rivers and visiting picturesque towns. After WWII families could take the car on a car picnic to Romeo or Belle Isle. The State of Michigan had created many state parks and there was a nice little one near Romeo. There were the Dodge Brothers Parks like the one at the end of Dequindre by Yates Cider Mill. This was also a place where one creek actually had an aqueduct that allowed it to cross a river. There were boat trips from Detroit also. The most popular boats were the Boblo boats either to Boblo or on moonlight cruises. There were other boat trips to Put in Bay and other places. Folks took trolley rides to Detroit. As far as events the oldest event was the State Fair and the county fairs. There were occasional visits by carnivals and circuses. Some folks visited the bigger state and national parks for other recreation and camping. Locally sports and bowling were popular. The 1930s brought movie theaters. Scouts had backpacking-train trips to beautiful Philmont Scout Ranch and canoe trips on AuSable and Rifle Rivers. In recent years there were big shows such as Outdoor-rama, auto shows, Scoutoramas and many festivals around the state. Favorite places also were many bars, taverns, Victory Inn. Dare I mention churches. Speakeasys and Rosie Redlights. Facts are

Favorite Stores and Places

Many have already been pictured on previous pages but there are many more and I need pictures of them.

Looking for more pictures

Michigan State Fair 2009 was its last year. In the old days things cost a lot less. Most people could afford to go. We did not have to worry about thieves. In later years many people became afraid to go there because of the epidemic of crime in Detroit. It used to be Great with free exhibits, Fun, Animals, Rides, Food. Now they ignore the wonderful paid for Fair ground with its classic Coliseum and other historic and classy buildings. They gouge you every way they can. Parking, entrance fee, food prices. It isn't half the fair it was.

Cotton Candy
Elephant Ears
Taffee, fudge
hot corn dogs,
Star restaurant

Tire not at this fair
but was a ride
See Index for Fair
map and more

Agriculture and hunting were the main occupations and method of survival for hundreds of years. It declined from the 1930s onward.

The biggest thing there is the Coliseum with many various shows all week. Oh for the memories. There so many things we saw there. The Ringling Brothers & Barnum Baily Circuses, Scoutoramas, auto and truck events and many other shows. Page 149 shows the Historical Marker, the above foto of the Coliseum and fotos of the inside of the Coliseum. It was probably the biggest arena in the Detroit area for many years. There were often interesting exhibits or vendors on the first floor under the seating ceiling as shown by the foto on the left. Page 150 Shows a glimpse of the midway which had not only the usual rides but many extra attractions. It was much bigger than the traveling carnivals. Page 150 also has fotos of the Beef, Dairy & Sheep barn which was also huge.(see the map) There were many big buildings with fascinating exhibits. There is a sad picture of Whitehall now closed. In its day it also had many exhibits. Page 151 had the rabbit and poultry building where myself and other kids would enter our animals, baking, artwork, crafts, crops into contests for prizes. We got an exhibitors pass that got one in every day and sometimes you one a cash prize and colorful ribbons. We entered our rabbits, Guinea pigs, pigeons, chickens, hogs, horses, cows, sheep, goats etc. By the end of the fair we had new friends and knew every place in the fair. There were educational exhibits also. This fair was a great experience for young people as yet unmatched by the present fairs. I was fascinated by the psychic reader who set up on a little stage in front of the Rabbit building. She seemed to help people find lost memories and people. Her husband would go around and find people interested and ask for a donation. Somehow she seemed to know things about them and it appeared that most left happier than they were when they arrived. Then there was the Eastern Star restaurant with good food and other places had lots of food choices. It was fun to watch the taffy machines make the taffy a form of soft candy. The big stove was hit by lightning and burned in 2011

Many of us entered our livestock into the statewide contests and that got us a free pass into the fair for entire two weeks. Many of us kids won blue ribbons and prizes.

Important Contemporary History

Everyone should read 1984 by George Orwell. Are Big Brothers watching you? Seriously. Everyone's telephone and Internet usage and all financial transactions is being recorded. This is a fact known by those in the know. Whether you like it or not, it is a fact in todays terrorist environment. This is not a joke or an opinion. Big government and business databases are used to keep track of everyone and almost everything. Pictures can now come from cameras in public areas, and from drones even as small as insects. Speeding tickets can be issued from remote freeway cameras showing driver's face and license plate. RFID chips secretly placed in almost everything will soon allow almost everything to be tracked and located by sensors placed in public places. You can get chips with transponders to track your dog, car, kids, & spouse. Mu chips will mean faster checkouts at stores and inventory tracking, but also is causing the elimination of jobs, less privacy and worse possibly allow Big Brothers to take over by being able to track anyone who speaks up against them and to turn off access to paperless money. Already paperless money reigns supreme. Could social control by Big Brothers potentially happen? This is not fiction. Check this out for yourself. Do a Google search on "mu" chip, verichip. RFID, micro drones. See the movie "Enemy of the State." Go look at the facts on all of the above. See for yourself. Look at the Big Picture. Government should look out for the health, safety and well being of all citizens not just its employees and congress. Many felt that the federal government had gotten too big and was wasting too much money. I have reported what many have told me and what appears to be true.

The grand kids said to me "Look a computer that writes on paper."

Quill pen and ink

Commodore 64 with 64 K of RAM

Computers went from room sized to smart fone and soon will be on a wrist band, watch or in eye glasses. They say they will put them in a little chip in the skin behind your ear next.

Carrom® Game Board
100 games on one, reversible wooden board.

Ipaq pocket PC

Now all in a small smart fone

2008-2018 Things got little better during this time.

By 2011 over half of the residents of Warren were near the poverty line. The working class became the forgotten class. Many families were now living with relatives or homeless. Meanwhile the higher ups managed to get big raises. The greedy 1% had stolen most of the wealth from the working class. Most working people now can't buy a new car like we used to do every few years. This was not the American dream. We worked and expected that our children would have a better life. For thousands this did not happen.

Unemployment numbers are claimed to be low but the real situation is that many people can't find decent paying jobs with the education they have while 35,000 jobs in skilled trades can't find anyone in Michigan with the knowledge to fill them. Thousands had to move out of Michigan to find work. Corporations are gathering info (often wrong) about you and offering it for sale to anyone and it can be used against you. I deal with this with my college students. Google sells your searches to anyone especially employers who offer them money. They also look at Facebook.

Thousands of children today do not have adequate food, dental, medical care, quality education, and housing. By 2012 in Warren record numbers of families (5,000 said J Fouts) faced foreclosure. There were also record numbers of homeless with children. Greedy bankers ripped people off. Warren 2010 census population was 134,056.

People from Detroit and many foreign immigrants were moving in. There is constant change with new people, buildings, young people and businesses replacing old ones. But the young are: often inexperienced, ignorant of history and its valuable lessons, ignorant of human rights, and lack scientific knowledge and lack fact based outlook, open-mindedness and all too often accept everything without the questioning necessary to avoid losing our freedom.

There are many working secretly to deprive us of our freedom, income and American Way of Life.

Get informed. We are now in an oligarchy. Elect congressmen who will work for us not the corporations, Big Brother and the wealthy. Perhaps we can have again Clean Air, Good Jobs for All, a Kind Caring Spirit of Community, freedom of speech and not have to worry about Stealth Jihad. But we need to learn from history. Sincerely, humble historian Professor Wesley E Arnold.

You may be wearing your fone (modern spelling) on your wrist or as glasses. What your eyes see when looking at the weather forecast when wearing these glasses.

Technology: From fone booth to portables, flip fone from abacus to slide rule, to mechanical calculator, to electronic calculator. Add Personal Digital Assistant, pager, Palm to pocket PC, add camera all combined into a smart fone. Wrist or glasses fones are coming. Also implanted devices are coming in the transhuman era we are beginning now. Blind will see, deaf will hear. Paralyzed are already walking. Artificial arms and legs are now working. Artificial organs are coming.

Reel to reel tape, DVD and cassette player

Chip Size

- World smallest RFID chip
- 0.4 mm x 0.4mm x 0.1mm

2.45GHz ISM band

Security

- Read only memory (ROM)
- 128 bits unique ID (u-code) written during production

Passive Transponder

- No power source to maintain the chip (battery-less)
- Reading distance: approx 10-60 cm with anti-collision

Mu- μ -Chip

2.45GHz embedded antenna

Ultra-small Embedded
Antenna type μ -Chip
worked as RFID Tag

Sensors will be put in doorways.

These Mu chips are about to be put in everything to make all trackable. Some observations; Surveillance cameras are being put in many places. Corps and Big Brother can use face recognition to identify everyone. Government and corporation databases are gathering information on everyone. They record all of your Internet, phone, location and financial info. Soon they will be able to control your credit on excuse of national security and no one will stop them. See the movie "Enemy of the State." Yes Big Brother is here now. Read the book 1984 by George Orwell. Have you noticed we now live in an oligarchy (a form of government in which all power is vested in a few persons or in a dominant class or clique; government by the few.) Notice how many of both the state and federal congressmen serve the rich and corporations not the working people. Notice that the working class has been decimated in the last few decades, that over 10,000 of your young people have been killed in needless wars so corps could make profit. Notice that the news puts out propaganda not news, that there are more people in poverty now than ever in history. Notice how the US educational system has been dumbed down to a point that U.S. children now test lower than children in third world countries. Notice how the Congress sold our debt to the Chinese and that the 'Chinese are now running their military on American money. Notice how the Chinese are surpassing us in technology because we have neglected children's education. And notice how nearly all of the earnings growth has gone to the wealthy not to working people. Meanwhile the wealthy and corporations enjoy huge tax loopholes. Verity this truth yourself. Join with me in working on fixing these things. First vote out Congressmen after one term. Demand responsible action by Congress for American working people.

Stop wasting our tax money. Put Americans first. We work and pay taxes to benefit us, our poor, our seniors and our veterans not foreigners, foreign countries or illegals. 200 corporations pay no income tax. No American veteran or senior should go without shelter, medical care, or food. My time here is nearly up and I just want to do the most good I can in the little time I have left so I share information that will help save lives.

Sonny said "On many a grave headstones glisten of those who heard but wouldn't listen."

**The rich have a saying
"only workers are
stupid enough to pay
taxes."**

This guy was texting while driving....they found the phone still in his hand. They found his head in the back seat. Make sure all the young people you know see this.

Ideas for a better Future

Light weight domes could be used to grow food day and night in cities on rooftops. Local food is better quality food no preservatives and cheaper as no shipping. Is dependable as is a known source.

Geodesic Domes offer great possibilities. They can also be made extremely strong.^[122]

New advances in Solar panel material for example using Perovskite will allow them to be transparent and used in windows. Thin and light weight, much less expensive, printed by an ink jet printer with layering will allow the capture of most of the light spectrum greatly improving efficiency. These will be able to generate free energy from light. Stick them to present windows. We may eventually use super strong graphene which is about 100 times stronger than the strongest steel but lighter and thinner than the thinnest sheet of plastic.^[123]

General purpose robot named Baxter
and the world's best doctor Watson^[124]

IBM's Super Computer beat the smartest humans on Jeopardy and now has become the world's best most knowledgeable medical doctor. Hospitals from around the world consult with this super computer over the Internet. It has proven itself in tests to be superior to human doctors. Nurse practitioners will be replacing doctors with a Watson App on their smart fone. Yes true. Now do you have any doubts if a computer can replace the best doctors what can't they do?

The Venus Project thevenusproject.com proposes an alternative vision of what the future can be. It calls for a redesign of our culture in which the age-old inadequacies of war, poverty, hunger, debt and^[130] unnecessary human suffering are viewed not only as avoidable, but as totally unacceptable. The Venus Project is a part of Resource Based Economy. It proposes a system in which automation and technology would be intelligently integrated into an overall holistic socio-economic design where the primary function would be to maximize the quality of life rather than profit, outlines an attainable vision of a bright and better future. The Venus Project proposes directing our technology and resources toward the maximum benefit of people and planet, and seeking out new ways of thinking and living that emphasize and celebrate the vast potential of the human spirit. We have the tools at hand to design and build a future that is worthy of the human potential. Founder Jacque Fresco received award from the UN.^[131]

I teach technology at a college. My text books started saying 4 years ago that 60% of most jobs will replaced by automation soon. It is happening now. Thousands are losing their jobs but very few new jobs are being created. We will have to either put people on welfare or we will need to create a basic income for all. Machines will be doing most stocking and retail jobs. Computers with AI will be replacing many lawyers, technicians, doctors, and other skilled workers. Our local GM factory had 3000 workers, now 200. Work is now being done by robots.^[125]

A Pharmacy machine in California has filled over 200 thousand prescriptions without an error, while also checking drug interactions something the human pharmacist does not have time to do. Oh and this machine works 24/7 even when the pharmacy is closed and the lights are off. And it never gets a paycheck or takes vacations. Your local fast food is putting in kiosks that take orders and make change and putting in machines to do most of the human work. Retail will have robots putting up stock. Lowes even has a robot that roams the aisles helping^[126] customers. It can answer hardware questions because it has been given the knowledge of many experienced hardware people. It can tell you whether the item you show it is in the store and how many are in the inventory and the price. Retail clerks are going to be laid off by the thousands. Autonomous vehicles will be putting millions of drivers out of work. Delivery vehicles with compartments that open only to the credit card used to place the order. ATMs have already replaced millions of tellers. Bots are now writing newspaper and magazine articles. Look at the video "Humans Need Not Apply"^[127] General purpose robots that can be told or shown how to do a job will be replacing thousands of blue collar jobs without creating many new jobs. Lawn mowing, carpet cleaning, dishwashing, burger flipping, planting, crop picking, painting, stocking, inventory, medical coding, answering customer questions, brick laying robots are already a reality. But what do we do with the^[129] thousands out of work with very few jobs to be found?

In the future we will probably have high speed rail. Steel wheel on rail is still the most efficient method but levitation using magnetic fields to actually raise the “pod” above a guide rail is even more efficient. People may be able to go from New York to California in an hour. If put in tubes under ground they are safe from snow, ice heat and rain. The temperature there is 68 degrees year round. These can be combined with tornado and hurricane free^[132] underground shopping malls. As in Toronto and NY you will be able to get to within a couple of blocks of anywhere quickly and safely with no traffic or parking hassles and read your book or paper or enjoy looking at videos while moving. Machines can now dig the tubes and create the cement tunnels.^[133]

Combine with beautiful geodesic weather free geodesic dome station-parks. Why not? Technology has reached a point that we can create these things and also have three-day work weeks and to eliminate driving and parking hassles and still have abundance for all.^[134] See my archive.

Today we have more children living in poverty than at any time and we have the highest rate of ^[136] childhood poverty of any major country 22% and the Congress keeps turning down attempts to raise the minimum wage and to extend unemployment benefits and they have cut down food stamp benefits while giving themselves fat raises. We have more income and wealth inequality than any other country. Almost all of the new Income recently created has gone to the top 1%. Congress bailed out the rich bankers who forced millions to lose their homes. Corporations are putting profit ahead of worker families by automating and ^[137] outsourcing millions of jobs forcing most our middle class into the lower class. CEOs got big raises McDonald's \$13.8 Million KFC's \$44 Million, Walmart's \$17.6 Million.^[138] Not paying employees a living wage while hogging big profits to excess is CORPORATE GREED. And they cut workers down to 20 hours a week forcing^[138] employees to go on welfare, starving children, denying families medical care and education. Hungry, stressed kids don't learn well and can't afford the now needed computer. Corporate profits hit record highs and worker wages have hit record lows. This is hurting many Americans. Congressmen controlled by corporations must be voted out. Wasteful excessive government spending is costing taxpayers needlessly.^[139] Over 200 corporations do not pay any Federal^[140] Income taxes and get low interest government loans and other Federal Government handouts. This is called Corporate Welfare and it is in the Billions of dollars. Congress allows it because Congress gets collectively over a billion dollars in contributions to their political campaigns from corporations. This is why many congress members favor corporations not you and me. This is hurting Americans and hurting our country because we are not funding education or infrastructure maintenance, and improvements. Example: just look at the trains in other countries compared to ours.

By request here are some opinions commonly held.

The best social program is a good job

*Great minds discuss ideas.
Average minds discuss events.
Small minds discuss people.*

Help prevent abuse of women and girls, hunger, homelessness, poverty, censorship of media and speech. Stop the killing and terrorism. All of the above is happening now. People are suffering. Promote: Humans Must Be Humane by causing no harm by actions or inaction. (Golden Rule) Make it the Human Way and Law. Enforce this law to protect all. Demand responsible behavior from everyone. Please help.

We now have all of the resources needed to create abundance for all, including medical care and very short work weeks. Poverty is now obsolete.

Language mis-understanding has caused: deaths of 583 persons needlessly in this airplane accident on the ground and hundreds more in other non-understanding caused accidents.

Hundreds of deaths during medical emergencies Hundreds of children kidnaped but the police could not understand the mother's language.

Thousands of fights and killings because people did not understand each other and did not clear up misunderstandings. Even some wars could have been avoided and thousands of lives saved by understanding.

The solution is here. There is an easy to learn international vocabulary that can save lives here and around the world. **Humans need to understand each other especially in emergencies.** If a woman is trying to tell a doctor that her child drank poison but the doctor doesn't speak her language or tell a policeman that someone took her child, or two gang leaders want to settle a dispute, or a pilot is being told to do something by a traffic controller, or people are being given directions on how to escape from a sinking ship, **THEY ALL NEED TO UNDERSTAND EACH OTHER** at that moment **OR LIVES WILL BE LOST.**

Hundreds of people have died because of language non-understanding.

There is an easy solution. In **Ten minutes a day** people can learn an International Vocabulary, even children in elementary grades. Within a month they could have basic understanding. Enough for basic and emergency communication.

If you know English you already know over 2000 words in this language.

It only has 16 rules of grammar with no exceptions.

We could have understanding between all languages within a short time if students would be taught this for 10 minutes a day in elementary school.

Thousands of lives could be saved. Every human could understand every other human.

For more information Visit easiestlanguage.info

The easy solution is the easy to learn International Vocabulary Esperanto (no it is not Spanish)

you already know 2000 of its words. It has been suppressed by teachers of other languages because it is so easy.

Many people have died needlessly due to shipping and boating accidents because of language non-understanding. The Andrea Doria accident both captains knew the other ship was there but did not understand the others language then no lifesaving instructions were given to the passengers in a language, they could understand so panic reigned and people died.^[240]

**HUMANS MUST BE

Fed min wage \$7.25*38 hours=\$275=\$14,000
SENIORS ON SOCIAL SECURITY \$12,000**

We have created ample for all but we throw away
millions of tons of food, clothing, and useful
items yearly. **At this time in history poverty
is unnecessary, and unacceptable.**

No child should be without adequate food,
clothing, shelter, medical care and good
education.

Corporations and the rich are hogging the
profits and not paying living wages and this is
hurting most Americans.
This is Criminal Greed.

**"If you can find money to kill people
you can find money to help people"**

YOU ARE NOT POWERLESS. SPEAK UP.

Become informed and vote for representatives and
senators who will represent your interests not those of
corporations. Many of them in both federal and state
are taking thousands in bribes and are favoring corp-
orations not us. Get informed. Vote them out of office.

Many big corporations make
billions but pay no income tax
at all, such as Bank of
America, GE. This puts the
burden on us. Not Fair.

Call your congressman and
ask them to end tax loopholes
for corporations.

**"The world will not be
destroyed by those who
do evil, but by those who
watch them without
doing anything." - Albert
Einstein**

is any person
really intent
on making this
a better place
for all people.

IT IS THE VETERAN

That should be thanked
And not forgotten.

Ma the cow fell into the well!

Wells were hand dug big holes in the ground that usually had barriers. Sometimes livestock would stand on and break through the cover and fall into the well. What would you do? There was no 911 to call. In our area thirty foot depth and five foot around was usually successful. How do you get a cow out. Pioneers had no strong rope or chains. There were no big tractors or tow trucks or special equipment. If the cow pooped or died then the water would be contaminated. Got any ideas?

One good turn led to another

For the most part Indians and settlers were enemies. They certainly did not trust each other. I have heard of some Indians helping the pioneers and of cooperation between them. One very cold winter night an early pioneer heard a knock at his door. Because there was no law in the early years one answered his door with gun in hand. At the door was a nearly frozen Indian family that just wanted to get warm. The settler to protect his family tried to stay awake all night to keep his eyes on the Indians but towards morning he fell asleep. When he awoke the Indians were gone. He looked around saw that his family was OK. They were still sleeping peacefully and nothing was missing. When he opened the door he found that the Indians had left him a present, fresh venison enough to feed his family for several days. At times Indians and settlers helped each other. At times they fought each other. Many Indians became beggars. Some were proud and honest. One could not blame the Indians for distrusting the white man. After all he stole and cheated them out of their land, and caused Indian groups to fight each other. Many Americans and Europeans had massacred Indians and their wives and children. Some Indians learned the culture of the settlers and lived in peace. Their reward was to be killed, starved or evicted from the very land that was promised them.

Other Old Interesting Events and Stories

Grandma and the bear. One day when we were away from the cabin a bear got in to it and was rummaging around. Grandma did not have a gun but fought the bear with an ax. She won and we had bear meat for several days. One of the settlers was walking in the woods without his gun and was attacked and killed and partly eaten by wolves. Grandma Bunert stated they often heard the howl of wolves in the woods where Macomb College is now. Pioneer children reported that they could see wolves outside in the moonlight thru the openings between the logs of log cabins..

Earthquake

On August 17, 1877 an earthquake scared the local horses. Some people reported a rumble noise. This area has not had a devastating earthquake for thousands of years.

Mysterious big tower and Statewide Fires

What was that mysterious big tower by the Brick St Clement Church with a Windmill on it. Turned out to be the tall wind powered water cistern. Fall of 1871 there was a drought. Debris from logging and land clearing was tender-dry. Wells went dry, crops failed, streams shrank. Michigan burned across the state, burning 1,100,000 acres and resulted in at least 200 deaths. Ten years later another fire struck the Thumb area which was completely devastated. The Fire burned for over a month. Over 2 million acres were burned, hundreds of families lost everything and 282 died. The skies dark for days. So when you hear about California burning it is history repeating itself. Causes are similar drought, excess dry brush and dry material near homes. Home loss can be prevented now. Trim dry plants, use tile shingles or run a garden watering hose over house peak.

Huge Snowstorm

In 1918 there was a huge snow storm that absolutely isolated Warren for several days. It was just impossible to go anywhere. There was little if any snow removal equipment anywhere. People were digging out for weeks. And they did not have snow shovels or snow plows. There are several instances of hail in summer. A few years had ice every month. See the index for the pages on Weather Extremes. Subways and underground office and shopping centers are weatherproof and if properly built and drained are flood and tornado proof..

This little **FREE** book can save lives because it has important things not taught in school that young people need to know. It is positive, success oriented, warns about things that threaten lives such as drugs, negative thinking and not putting safety first.

U.S. ATTACKED

HIJACKED JETS DESTROY TWIN TOWERS AND HIT PENTAGON IN DAY OF TERROR

A CREEPING HORROR

Buildings Burn and Fall
as Onlookers Search
for Elusive Safety

By N. R. KLEINFIELD

It kept getting worse.

The horror arrived in sporadic bursts of chilling disbelief, signaled first by screeching sirens, sharp explosions, cracked windows. There was the usual uncharacteristic realization of a gaping, flaming hole in front row of the tall towers, and then the same thing all over again in its twin. There was the terrible sight of bodies helplessly tumbling out, some of them in flames.

Finally, the sagging towers themselves were reduced to nothing. Dense plumes of smoke raced through the downtown avenues, covering the sidewalks as they rode.

Every sound was cause for alarm. A plane appeared overhead. Was another one coming? No, it was a fighter jet. But was it friend or enemy? People scrambled for their lives, but they didn't know where to go. Should they go north, south, east, west? They couldn't go indoors? People hid beneath cars and each other. Some contemplated jumping into the river. For those trying to flee the very

President Vows to Exact Punishment for 'Evil'

By SEBASTIAN SCHREIBER

Explosions ripped jetliners into each of New York's World Trade Center towers yesterday, toppling both in a hellish storm of ash, glass, smoke and leaping victims, while a third jetliner crashed into the Pentagon in Virginia. There was no official count, but President Bush said thousands had perished, and in the immediate aftermath the calamity was already being ranked the worst and most audacious terror attack in American history.

The attacks seemed carefully coordinated. The hijacked planes were all en route to California, and therefore gorged with fuel, and their departures were spaced within an hour and 46 minutes. The first, American Airlines Flight 11, a Boeing 767 out of Boston for Los Angeles, crashed into the north tower at 8:46 a.m. Eighteen minutes later, United Airlines Flight 175, also headed from Boston to Los Angeles, plowed into the south tower.

Then an American Airlines Boeing 757, Flight 77, left Washington's Dulles International Airport bound for Los Angeles, but instead hit the western part of the Pentagon, the military headquarters where 3,600 people work, at 9:40 a.m. Finally, United Airlines Flight 93, a Boeing 737 flying from Newark to San Francisco, crashed near Pittsburgh, ending the attacks.

SECOND PLANE United Airlines Flight 175 nearing the trade center's south tower.

AL-HAYAT

Senior Saudi Cleric OKs 10-Year-Old Girls for Marriage

Published January 14, 2009

Associated Press

A pan-Arab newspaper quotes Saudi Arabia's most senior Muslim cleric as saying it is OK for 10-year-old girls to marry, even if the girls mother is against it. On Sunday, the government-run National Human Rights Commission condemned marriages of minor girls, saying such marriages are an "inhumane violation."

A look at most Islamic countries shows child marriage to be a common practice. Little girls are sold off to be sex toys to older M men often against mothers objections. 100,000 girls a year are forced to have babies before their bodies are ready and then suffer vaginal festula (the vagina bursts into the rectum because the girl is too small to have a baby. This causes them to have a lifetime of incontenance with foul odor and having to wear diapers or rags. Most of these little girls are then abandoned by their child rapist husbands who by M law just need to say "I divorce you." to dissolve the marriage. Often these now disabled little girls are put out onto the street with no support. For verification see UNICEF web site. and do a Google search on child brides. Child protection laws are prevented from passing often because of objections of M imams who state that protecting little girls is against M law. For verification look at UNICEF and World Health websites.

Detroit Free Press

Nov. 25, 2007

Michigan's unemployment rate is worst in the nation.

Byline: John Gallagher Nov. 25--Michigan has had it tough of late. The state has lost jobs for seven years running. The unemployment rate is the worst in the nation. Some recessions hurt Michigan more than others. In the 1982 downturn, Michigan saw its unemployment rate soar to 16.9% and new home construction drop to almost nothing.

Detroit Free Press

Sept. 20, 2007 Byline: John Gallagher

Michigan's jobless rate is highest since 1993

Michigan's unemployment rate, already the worst in the nation, took another bad turn during August. The state's seasonally adjusted unemployment rate has increased. It also marked Michigan's highest monthly rate in nearly 14 years. Since August 2006, the state's factories shed 24,000 manufacturing jobs, while the government sector lost 7,000 jobs.

Aug. 5, 2011

Michigan has highest unemployment rate in nation among post-9/11 veterans

U.S. Rep. Sander Levin (D-MI) today praised the proposal unveiled by President Obama aimed at lowering the unemployment rate of veterans. Nearly 30 percent of Michigan veterans who have served since 9/11 are unemployed, according to a recent Joint Economic Committee Report, with the highest rate in the nation: This is an important step keeping our commitment to the men and women who have already sacrificed so much. Source: States News Service 5 Aug. 2011. Infotrac Newsstand.

USA Today May 28, 2009

President Obama signed the massive stimulus package but, with few exceptions, that stimulus money has not reached states where the unemployment rate is highest, according

to a USA TODAY review of contracts. In Michigan, for example -- where years of economic tumult and a collapsing domestic auto industry have produced the nation's worst unemployment rate -- federal agencies have spent about \$2 million on stimulus contracts, or 21 cents per person.

U.S. VOWS TIGHTER AIR SECURITY

IN WAKE OF FAILED AIRLINE BOMBING OVER DETROIT,
PRESSURE MOUNTS TO COUNTER TERROR PLOTS

2nd scare
in Detroit
rattles
travelers

By RICHARD ESPOSITO and BRIAN ROSS (@brianross)
Dec. 26, 2009

The plot to blow up an American passenger jet over Detroit was organized and launched by al Qaeda leaders in Yemen who apparently sewed bomb materials into the suspect's underwear before sending him on his mission, federal authorities tell ABC News.

Hundreds of people in Detroit area were almost killed by This Christmas M Bomber Investigators say Abdul Farouk Umar Abdulmutallab, a 23-year-old Nigerian Muslim student whose birthday was last Tuesday, has provided detailed information about his recruitment and training for what was supposed to be a Christmas Day suicide attack.

According to the authorities, Abdulmutallab says he made contact via the internet with a radical imam in Yemen who then connected him with al Qaeda leaders in a village north of the country's capital. Authorities say they do not yet know if the imam was the same one who was in contact with Maj. Nidal Hasan prior to his alleged attack on soldiers at Fort Hood last month. American-born Anwar Awlaki has lived in Yemen since 2002 and is considered a major recruiter for al Qaeda by U.S. authorities. Authorities say the combination of the liquid in the syringe with the powder created the flash bomb, which was extinguished by passengers and air crew.

The New York Times

Nov 28, 2011 Federal agents arrested Faisal Shahzad, 30, a naturalized United States citizen from Pakistan, for driving a car bomb into Times Square on Saturday evening in what turned out to be an unsuccessful attack. The United States attorney general, Eric H. Holder Jr., said Times Square was "milliseconds" away from "s casualties" in Saturday's attempted bombing..

DAILY NEWS

October 4, 2008

Congress bails out Wall Street \$700 Billion of taxpayers money

August 3, 2011 A new study released today by the Center for Media and Democracy (CMD) shows that, despite rosy statements about the bailout's impending successful conclusion from federal government officials, **\$1.5 trillion** of the \$4.8 trillion in federal bailout funds are **still outstanding**.

This massive effort **is in stark contrast to the mere \$2 billion the Treasury has spent to directly help homeowners** stay in their homes. With housing prices continuing to falter and the **United States approaching 9.2 million foreclosure filings** since the beginning of 2008, HAMP can be described as nothing less than an abject failure. **MUCH OF THIS IS BECAUSE BANKS ARE REFUSING TO HELP CUSTOMERS AND ARE PROFITING BECAUSE OF THE BAILOUT WHILE FORCING PEOPLE OUT OF THEIR HOMES.**

CONGRESS LIED TO US

The bill was supposed to be 700 billion but now it is discovered that they **actually spent much more** and on top of that borrowed the money from China and now Americans are paying interest on these billions. As a result the USA is actually now financing China's military.

But the **real killer is that the US National Debt is now over 15 Trillion dollars**. That is **\$133,731 per each taxpayer**. And worse the **interest we are paying to rich bankers is 3.7 trillion dollars**. No wonder the bankers are rich. And most of them pay very little taxes. Congress has **WAISTED OUR MONEY** and gone into dept to foreign bankers.

EXECUTIVE PAID 1 MILLION WITH OUR MONEY

A Securities and Exchange Commission report that showed **AIG executive David Herzog having received upwards of a \$1 million bonus**. Nov 2008. This was with our taxpayer money.

\$86,000 FOR HUNTING TRIP

AIG executives took **\$86,000 of taxpayer money for an English hunting trip to kill rabbits**.

\$440,000 for a week-long retreat

Then in Sept 2008 AIG spent \$440,000 for a week-long retreat at a lavish California resort. **Meanwhile they are throwing families out of their homes and the government is paying them to do that with taxpayer money.**

BANKERS GETTING BIG BONUSES

Other bank executives of other banks were also receiving multiple thousand dollar bonuses. with taxpayer money and most rich bankers pay very little in taxes. So the tax payers bailed out the banks and are now billions in dept and one would think the banks would be grateful. No instead the bankers have raised the interest rates on our credit cards and continue to throw families out on the street and profit from it with taxpayer money.

Who has done this?
the US Congress and Presiden
